Chapter I

Foreword

- Marty: Hey, Doc, we better back up. We don't have enough road to get up to 88.
Doc: Roads? Where we're going, we don't need roads.
- Marty: Wait a minute. Wait a minute, Doc. Ah... Are you telling me that you built a time machine... out of a DeLorean?
Doc: The way I see it, if you're gonna build a time machine into a car, why not do it with some style?
- Marty: We'll play you a good old-fashioned retro rock. I mean, where I come from, it's an old retro rock.
...
Marty: I guess you guys are not ready for that yet... But your kids are gonna love it!

Chapter II

Introduction

Born from an internal initiative, our hackathon will allow us to contribute to the futuristic aura of our school. It's also a way to celebrate 42's 5th birthday!

It will start on Wednesday 13 June at 17h00. It will close on Friday 15 June at 17h00 with a presentation to an outstanding jury followed by a cocktail until 19h00.

Selected projects will be financed by 42 !

Chapter III

General instructions

- Your team should consist of a maximum of 3 to 10 students.
- You must register your team on the Born2Hack intranet project on June 13 BETWEEN 23h00 AND 23h42.
- You must return before Wednesday 23h59, at the root of your rendering repository, a file **description** containing the name of your team, your logins followed by a '\n' then the description of your project:

```
Bocal42$  
xlogin$  
ylogin$  
zlogin$  
Our project will consist of...$
```

- You must submit your project June 15th BEFORE 3:30, p.m., when your vogsphere depots will be closed.
- Your project should be able to be presented with a support available in amphitheatre. Accepted formats : .PPT, .PDF, .KEYNOTE, .JPEG ... For any question, consult 30_1.

The videos in the PPT do not always work, we advise against it

Chapter IV

Turn-in and peer-evaluation

Turn your work in using your **GiT** repository, as usual. Only work present on your repository will be evaluated by the jury.
